

# VX2035wm

20.1" WIDESCREEN LCD

WITH 5MS CLEARMOTIV®  
BROADCAST-QUALITY VIDEO

## High style and performance.

ViewSonic's 20.1" VX2035wm sets new standards in style and performance. The 16:10 widescreen aspect ratio immerses you in games, videos and Internet content like never before. The large screen size is perfect for working in two documents or applications simultaneously with no toggling. And when it's time for games, you'll see more of the action and your scores will soar. The FAST 5MS VIDEO RESPONSE time delivers blur-free, full-motion video and scrolling text. OptiSync® digital and analog inputs let you connect multiple components and the INTEGRATED STEREO SPEAKERS AND AMP complete the desktop entertainment. The latest OSD and power lock prevent accidental changes to your monitor settings, while the Kensington® security port offers theft deterrence. The VX2035wm is the fast, fun desktop display with a difference.

### FAST RESPONSE FOR INTENSE GAMING

- > **ClearMotiv® 5ms video response time**  
Fast 5ms video response enables digital HD broadcast-quality video.
- > **OptiSync® digital/analog inputs expand your connectivity**  
Multi-mode input technology supports both digital (DVI) and analog (VGA) signals for ultimate compatibility and configuration flexibility.
- > **Ultra-high brightness and contrast**  
300-nit brightness (typ) and 800:1 contrast ratio (typ) for rich, detailed images.
- > **Multimedia enhanced**  
Save desk and workspace and enjoy rich, stereo sound with built-in rear stereo speakers.
- > **Stylish slim-bezel design**  
The full 20.1" viewable screen in a thin bezel lets you see more without taking up valuable desktop real estate. The high neck and floating head design accentuate the visual experience.
- > **Wide viewing angles extend your view**  
Up to 160° viewing angles horizontally and vertically provide enhanced image legibility from all directions.
- > **Full 20.1" viewable with 1680x1050 resolution**
- > **OnView® controls for superior screen adjustability**  
Screen adjustments are precisely made via an easy-to-use on-screen menu.
- > **Amplified Impulse™ technology**  
Advanced amplified impulse technology accelerates grayscale transitions for superior video and gaming.
- > **Windows Vista approved**
- > **PC and Mac® compatible**
- > **MPR II and ENERGY STAR® qualified**
